APA Referencing is described in detail in the *APA style guide to electronic references* which can be found in Course Resources.

Print handouts with four slides per page for the slides you created. Your name and topic needs to be part of the handout header and submit these on LEO and also submit a printed version to me prior to giving your class presentation.

You will do a 10 minute presentation in class utilizing your slides. You must stay within one minute of this time constraint or you will be penalized points. Hold all questions until the end of the presentation. Please make sure your slides are on a USB Drive before your present. Also upload your custom slide show on LEO Assignment Folder as Assignment 5.

Due Date

This assignment is due in class the Last week. You will not receive the presentation points if you do not attend the class. Grading will be based on comparison with other presentations, time constraints, visually appealing themes, at least three references, animations, and conclusions.
