# Assessment Options

Your content contains assessment activities. The following settings will govern how they are used in the course. These setting apply only to graded exams. You may override these global settings for specific assessments later.

**Attempt(s)**
○ 1
◉ Recommended
○ Max available

Allow only one attempt for any graded exam, use the recommended number of attempts, or allow as many as the assessment will support.

**Scoring Model**
○ Average of scores
◉ Last attempt score
○ Maximum attempt score
○ Minimum attempt score
○ First attempt score

Determine how multiple attempts should determine the overall exam score.

**Password** [                    ]

Optional password that must be entered by students to unlock exams.

**Late Submit**
○ Allow
◉ Allow and require instructor approval
○ Do not allow

Determines how work completed after the deadline should be handled

**Late Start**
○ Allowed
◉ Not allowed

Allow students to start exam after deadline as passed

**Grace Period** [ 60 ]

Grace period (in minutes) after the deadline in which to accept work as on time (not displayed to students).

**Time Limit** [ 60 ]

Time limit (in minutes) for students to complete an exam once started. (Leave blank for no time limit).

**Feedback Mode**
◉ After submit
○ After deadline passes
○ Released by instructor
○ Immediate (before submit!)
○ Never

Determines when student will see feedback from their exams

**Review Answers**
◉ Allowed
○ Not allowed

Permit students to review their answers prior to seeing feedback
